

Data (2 kinds)

Quantitative (measurements)
numbers

Qualitative (how it looks, smells, appears, sounds)
characteristics

5 requirements for this year's Science Projects

1. backboard with LMS write-up on it (you can buy one from me for \$3.00)
2. daily log with at least 10 entries
3. experiment with graph of at least 30 data points (surveys NOT allowed, if it's an experiment on a living thing,, you need at least 100 living things!)
4. at least 1 picture
5. at least 1 display object
